OFFICE OF PETITIONS

In re Application of :
Terrence Edward Rogers :
Application No. 09/912,411 :
Filed: April 19, 2001 : Decision on Petitions
Attorney Docket Number: :
P12614 :

This is a decision on a Renewed Petition under 37 CFR 1.[1]81, filed November 24, 2003, which is properly treated as a petition under 37 CFR 1.137(b), to revive the above-identified application.

The petition is **granted**.

Application papers in the above-identified application were filed on April 19, 2001. On November 1, 2001, the Office of Initial Patent Examination mailed a Notice to File Corrected Application Papers, requiring a substitute specification in compliance with 37 CFR 1.52 because the line spacing on the abstract is not properly spaced. The Notice set a two-month period for reply, with extensions of time available under 37 CFR \$1.136(a). No response having been received, the application became abandoned on January 2, 2003.

With the instant petition, Petitioner has satisfied the requirements of a grantable petition under 37 CFR 1.137(b). The reply to the November 1, 2001 Notice is filed with the instant petition. Accordingly, the petition is granted.

This application is being forwarded to the Office of Initial Patent Examination for continued processing.

Telephone inquiries concerning this matter should be directed to the undersigned at (703) 305-0014.
